- * Coding Instruction (Python, Scratch)
- * Curriculum Development (K-12)
- * Computer Science Education
- * Classroom Management
- * Lesson Planning & Delivery
- * Student Engagement
- * Differentiated Instruction
- * Assessment & Evaluation
- * Entrepreneurship
- * Communication (Written & Verbal)
- * Leadership
- * Organization
- * Problem-Solving
- * Customer Service

PROJECTS

CoderHeroes, Full Stack Developer

[GitHub](#) | [Company Website](#)

- Remotely collaborated with a team of 20-30 developers on a booking site for online classes
- Maintained website functionality with component and responsiveness testing using Jest
- Implemented Redux store and assigned state in order to render multiple components
- Standardized and connected multiple components to Redux to allow updates to and from global store

African Marketplace, Full Stack Developer

[GitHub](#) | [Website](#)

- Built a React platform to provide small business owners a digital platform to list and price a variety of items
- Implemented Styled Components and designed interactive forms with React and Axios to enable CRUD operations for authorized users
- Facilitated backend connections via API Calls, in collaboration with 3 full stack developers, and supported deployment via Vercel and Heroku

Potluck Planner, Frontend Developer

[GitHub](#) | [Website](#)

- Established robust registration, signup, and login forms for React potluck planning app

- Utilized React and Styled Components to create pleasing UI/UX

EXPERIENCE

Cod-IE (Self-Owned Business)

2022 – Present

Founded and manage Cod-IE, providing coding instruction to students aged 8+ in Python and Scratch.

Develop and deliver engaging computer science curricula to foster students' interest and skills.

Altura Preparatory School

Coding Instructor (Grades K-5)

2023 – Present

Instruct students in grades K-5 in coding principles and practices.

Design and implement original coding curricula tailored to different age groups and skill levels.

EDUCATION

BloomTech (Lambda School), Graduate, Full-Time Program, Full Stack Web Development

2021 - 2022
